

Dr. Martin Fischer

Member of the Board of Management of the ZF Group

Quality

North and South America Regions

Passive Safety Systems, Electronics and ADAS, Chassis Solutions

After completing his studies at the Technical University of Darmstadt, Germany, with a Ph.D. title, Dr. Martin Fischer joined Siemens VDO Automotive in 1998, assuming various management roles, before moving on to automotive supplier Hella in 2006. From 2014, he held various management positions at the U.S. automotive supplier Borg Warner, including an assignment in the U.S.

Dr. Martin Fischer has been a member of the Board of Management of the ZF Group since November 2019. Based in Northville, Michigan, he is responsible for Passive Safety Systems, Electronics and ADAS and the Chassis Solutions divisions as well as North and South America Regions and Quality.
