

OptiFlōw™ Flap

Aerodynamic mud flap for trailers

Unique Curved Mud Flap

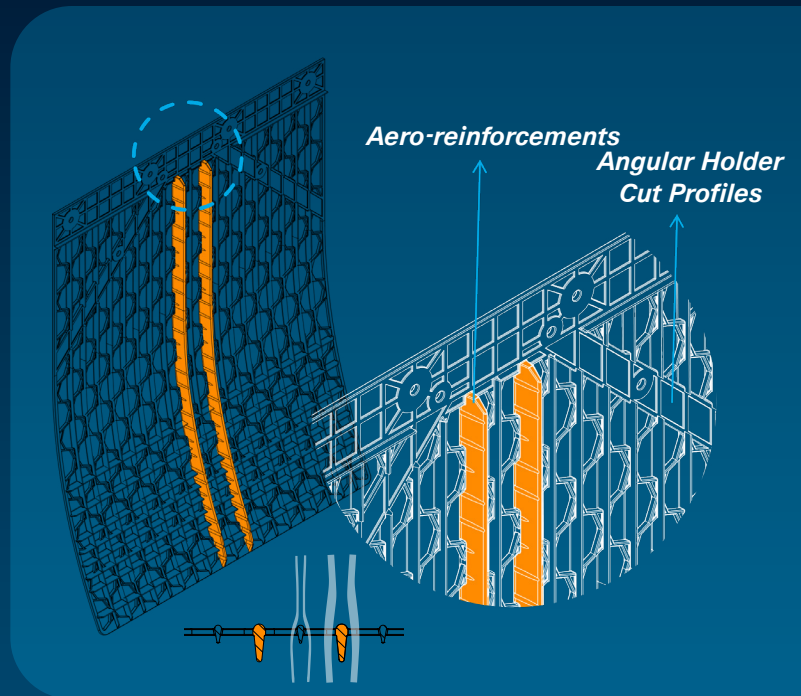

Helping to enhance fuel efficiency and reduce CO₂ emissions*

Features

- ▶ Innovative honeycomb, pre-shaped curved design.
- ▶ The material is lightweight yet impact resistant, designed with anti-sail construction to help prevent deformation of flap.
- ▶ Fuel savings up to 1%.
Up to 1% for long trailers and up to 2% for short (PUP) trailers.

CARB Pre-Approved

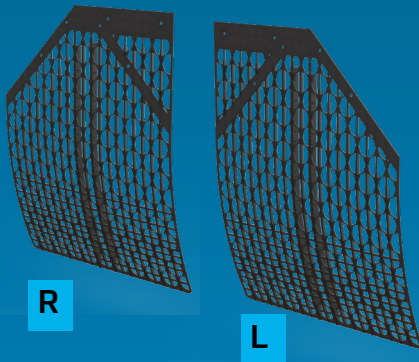

- ▶ OptiFlow™ Flap is CARB pre-approved and the most cost-efficient solution ZF offers to help you comply with new regulations.
- ▶ OptiFlow™ Flap can be combined with other pre-approved products to reach higher BIN compliance.

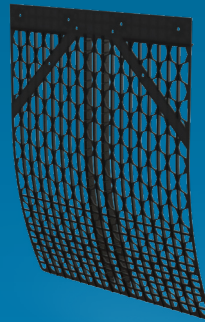

Size and Style

Angular 24" x 30"

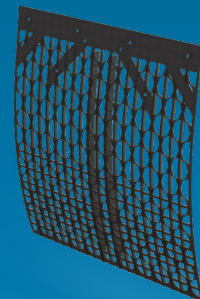

Angled RH (Curbside)
Angled LH (Roadside)

Standard 24" x 30"

Short 24" x 28"

Part Number	Sizes	Description
1841510024	24"x30"	30" straight (standard)
1841510034	24"x30" R	30" angled RH (Curbside)
1841510044	24"x30" L	30" angled LH (Roadside)
1841510074	24"x28"	28" straight (short)

By request, custom sizes are available in large quantities.
