

Appendix 4: Local specific lead times

Valid for location Zatec / Division C

Version: 08.03.2018

- Pick up notification has to be sent on day before pick until 1 p.m from supplier to the haulier. (zfzatec@lagermax.cz)
- Transport days are the working days of the week, namely from Monday until Friday. Saturdays, Sundays and holidays extend the stated due dates by the respective number of days.
- The named lead times start with the transport notification of the shipment. The time of transportation starts with the provision of the goods.
- Loading and unloading is in general not possible on Saturdays. Some receiving plants can define Saturday as a loading and/or unloading day in the local specification temporarily or permanently.
- Lead times for delivery of empties is similar to fulls. Empties have the same priority as fulls.
- If the transport service provider is not able to meet the planned pick up date, he has to inform the material planner proactively. This has to be done as well if a transport is delayed and the planned delivery date cannot be met. In such cases, adjustments need to be clarified with the material planner.

| Underline for following chart | |
|--------------------------------------|---|
| Day A | transport notification |
| Day B | Provision and pickup |
| Day C, D, ff | Delivery |
| nn | Adjustment with the related ZF plant/ service provider in individual cases necessary. |
